PROFESSIONAL SUMMARY

Data Science and Analytics Professional with expertise in transforming complex data into actionable insights. Proven experience in developing machine learning models, creating interactive dashboards, and delivering data-driven training. Skilled in Python, SQL, Power BI, and Tableau, with a strong foundation in statistical analysis, NLP, and data storytelling. A dedicated mentor focused on applying analytical techniques to solve real-world business problems.

TECHNICAL SKILLS

- **Programming & Databases:** Python, R, SQL
- **Machine Learning & AI:** Scikit-learn, Pandas, NumPy, Machine Learning, Deep Learning, Natural Language Processing (NLP)
- **BI & Visualization:** Power BI, Tableau, MS Excel (Pivot Tables, Charts, Dashboards), Data Storytelling
- **Tools & Platforms:** Jupyter Notebook, Git, Linux, ETL

PROFESSIONAL EXPERIENCE

Master Trainer – Data Science and AI | G-TEC Education | Kozhikode, Kerala | Nov 2024 – Present

- Designed and delivered over 15+ hands-on modules in Python, SQL, and data visualization (Power BI, Tableau), achieving a 95% learner satisfaction rate.
- Mentored 50+ learners in building end-to-end data analytics projects, resulting in 80% successfully creating portfolio-worthy work.
- Developed a project-based curriculum focused on real-world business problems, aligning with industry standards for data analytics and machine learning.
- Collaborated with the curriculum team to evaluate learner progress and improve training material, reducing the module revision cycle time by 15%.

Project Associate | NIELIT Calicut | Kozhikode, Kerala | Jun 2023 – Jun 2024

- Authored and delivered a 5-module curriculum on data and drone technology analytics, adopted as the standard training material for a cohort of 50+ students.
- Organized and led 10+ workshops on emerging technologies, focusing on practical data analytics projects that increased participant engagement by 25%.
- Streamlined lab setup and equipment testing procedures, improving operational efficiency by 20%.

Accountant | SRB Public School | Hathras, Uttar Pradesh | Apr 2019 – May 2022

- Automated daily financial transaction summaries and performance reports using advanced Excel formulas and PivotTables, reducing manual reporting time by 4 hours per week.
 - Managed all financial records, payroll, and statutory reporting, ensuring 100% accuracy and compliance.
-

PROJECTS

News Classification Model | Python, NLP, Scikit-learn

- Engineered an NLP text classification system that preprocessed and categorized news articles into topics with 92% accuracy using TF-IDF and Logistic Regression.
- Implemented text cleaning, tokenization, and stop-word removal to improve model performance and feature relevance.

Fake News Identification | Python, NLP, TF-IDF

- Developed a binary classification model to detect fake news articles, leveraging TF-IDF vectorization and Logistic Regression to achieve 89% accuracy in identifying misleading content.

Superstore Sales Analytics Dashboard | Power BI, DAX, Data Visualization

- Built an interactive Power BI dashboard to visualize regional sales performance, product category profitability, and customer segment analysis.
- Incorporated dynamic slicers and KPI visuals, enabling business users to identify sales trends and drive a 10% focus on high-margin product categories.

Machine Learning Practice Series | Python, Scikit-learn, Jupyter Notebook

- Implemented and compared multiple regression and classification models including Linear Regression, Decision Trees, Random Forest, SVM, and KNN on structured datasets.
 - Analyzed model performance using metrics like R-squared, Accuracy, and Precision-Recall to determine the optimal algorithm for each problem type.
-

EDUCATION

Post Graduate Diploma in Data Analytics and AI | NIELIT Calicut | Nov 2022 – Jun 2023

- **Grade:** S Grade (96%)
- **Rank:** 2nd in Course

Bachelor of Technology in Information and Communication Technology | SASTRA University, Tamil Nadu | Up to Mar 2019

CERTIFICATIONS

- Introduction to Career Skills in Data Analytics – LinkedIn (May 2024)
- Foundations: Data, Data, Everywhere – Google (Jan 2024)
- Technical Support Fundamentals – Google (Dec 2022)
